A taxi ride from the Ezeiza international airport to downtown will have a cost of about 250 pesos. If you wish to take a taxi book it with one of the authorized agencies that you will find at the airport, just at the exit from the custom area. (check the website <http://www.aa2000.com.ar/taxisyremises.aspx>) Otherwise, an

alternative is the Bus company 'Manuel Tienda Leon' which has comfortable buses departing to Buenos Aires city every 30' at a cost of 75 pesos. The booth of the company is in the arrival area at the Ezeiza airport. The bus is direct to the bus terminal which is in the central area of Buenos Aires. The company also offers a minibus service to drop you at your hotel from the terminal. This service is recommended - you should then book it upfront when buying your ticket.
